

Greenergy Johnstown fuel terminal

Our Johnstown fuel terminal provides competitively priced, reliable, local fuel supply to Eastern Ontario.

About us

As a global leader in petroleum product supply and Europe's largest manufacturer of waste-based biodiesel, our unique global supply chain and terminal network in Ontario enables us to source and supply fuels from multiple sources, minimizing any dependence on specific refiners.

Superior supply reliability for our customers.

We will make every effort to provide you with the best combination of price and service and work to meet the specific needs of your operation.

In 2020, we commissioned our Johnstown terminal in partnership with Canadian Rail Equipment Work & Services Inc. (CREWS). Our rail and truck fed terminal provides a seamless driver experience and efficient invoicing process for its customers.

Quality fuels offered

Our Johnstown terminal offers 24/7 truck loading capabilities for the following quality fuels:

- » Ethanol blended gasolines (E10)
- » Ethanol blended premium
- » Premium Gasoline (PUL)
- » Diesel (ULSD) clear and dyed
- » Ultra-low sulphur furnace oil

TOP TIER™ detergent gasoline approved fuels are also available.

All Greenergy fuels go through effective quality processes and procedures.

Our fuel is tested by independent third-party labs to confirm its quality standards.

Safety

Safety underpins everything we do. We create safe working environments by continually working to identify, assess and mitigate the risks associated with our operations.

We encourage and empower every individual working across the business to observe and report hazards, near misses or unwanted events, however small, without fear of blame.

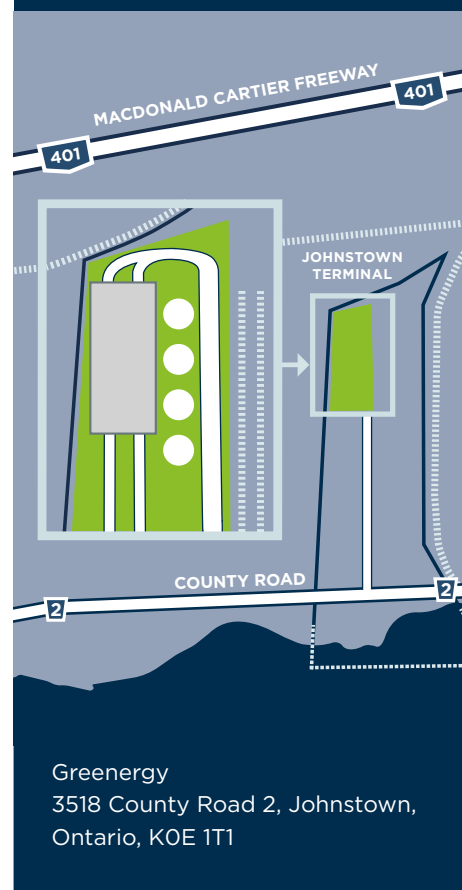

2022 KPIs*

We provide the best refined systems, controls, and a high level of transparency to our customers.

To keep you informed, we continuously evaluate and monitor KPIs at our Johnstown terminal:

2022 product availability: 99.3%
2022 gate-to-gate time*: 31 minutes

Conveniently located, the terminal is within the CREWS rail yard, South of the 401 and a short five minute drive from its nearest exit.
